Subject: Falcon RI/FS
Date: 02/23/2011 12:35 PM

Stephen, EPA staff met last week to discuss the initiation of RI/FS activities.

I am currently on leave and will return to the office on Tuesday March 1st. I wanted to inform you in the meantime that we have determined that TRC must submit a Quality Management Plan in addition to an amended Quality Assurance Project Plan and Field Sampling Plan (e.g, new SOPs and other appropriate amendments) before the start of RI/FS activities. In addition, Gloria Moran (Site Attorney) will be notifying NORCO of additional requirements.

We can discuss these issues further when I return to the office next week. We also need to set a meeting date to discuss other RI/FS issues (e.g., schedule, work to be accomplished, and public meeting).

I will call you when I return to the office.
